

June 22, 2022

To Whom It May Concern:

This is to confirm that “Marginal Likelihood Computation for Model Selection and Hypothesis Testing: An Extensive Review,” is accepted for publication in *SIAM Review* (SIREV). It is expected to appear in Volume 65(1). The article is co-authored by F. Llorente , L. Martino, D. Delgado, and J. Lopez-Santiago.

SIAM Review is a prestigious journal in applied mathematics published by the Society of Industrial and Applied Mathematics (SIAM). The journal circulates internationally. SIAM is a community of more than 14,000 members, including applied and computational mathematicians, computer scientists, and other scientists and engineers throughout the world.
