**Ac-LPFFD-Th: A Trehalose-Conjugated Peptidomimetic as a Strong Suppressor of Amyloid- $\beta$  Oligomer Formation and Cytotoxicity**

*ChemBioChem* 2016, 17, 1541–1549

DOI: 10.1002/cbic.201600243

The stereochemistry of threalose given in the Table of Contents and in Scheme 1 was incorrect; the correct structure is shown below. We would like to thank Dr. Sébastien Vidal (Université Lyon 1) for drawing our attention to this matter.

Scheme 1. Chemical structure of Ac-LPFFD-Th.
